Occupation or use of building

An occupancy permit is required prior to the occupation or use of this building.

If an occupancy permit is required, the permit is required for the whole of the building in relation to which the building work is carried out.

Commencement and completion

This building work must commence by

30 Oct 2020

If the building work to which this building permit applies is not commenced by this date, this building permit will lapse unless an extension is applied for and granted by the relevant building surveyor before this date under regulation 59 of the Building Regulations 2018.

This building work must be completed by

30 Oct 2021

If the building work to which this building permit applies is not completed by this date this building permit will lapse, unless an extension is applied for and granted by the relevant building surveyor before this date under regulation 59 of the Building Regulations 2018.

***Conditions**

This building permit is issued subject to the following conditions

1. **Many councils have local laws requiring permits and payments such as crossing fees and asset protection fees. The owner/agent is responsible to comply with any applicable Council Local Laws which may affect the development. Contact your local council for more information.**
2. **Mechanical exhaust fans to discharge in accordance with BCA Part 3.8.5.2(c).**
3. **Where used, the builder/owner must submit copies of the manufacturer's truss/floor/wall computations and layout and a bracing plan to the Relevant Building Surveyor for approval prior to the commencement of frame construction.**

Relevant building surveyor

Name:	Ian Welch
Address:	MBA Building Services Pty Ltd 14 Albert Street, SEBASTOPOL VIC 3356

** Delete if inapplicable*

PREFABRICATED TRUSSES / FLOORS / WALLS

Where used, the builder/owner must submit one (1) copy of the manufacturer's truss / floor / wall computations and layout and a bracing plan to the Relevant Building Surveyor for approval **prior** to the commencement of frame construction.

CERTIFICATES

Prior to issuing an Occupancy Permit or Certificate of Final Inspection a number of certificates may be required. Certificates will cover areas including but not limited to glazing, insulation, termites, waterproofing & plumbing.

SITE SIGNS

Regulation 41 of the Building Regulations 2018 requires that the person in charge of the carrying out of building work on an allotment ensure that the registration numbers and contact details of the builder and building surveyor, as well as the building permit number and date of issue are displayed on the allotment in a position accessible to the public **prior** to the commencement of building work. This sign must remain visible for the duration of the building work.

OWNER TO NOTIFY

Regulation 42 of the Building Regulations 2018 requires that the owner of a building or land, for which a building permit has been issued, must notify the relevant building surveyor within 14 days after any change in the name or address of the owner or of the builder carrying out the building work.

LOCATION OF PERMIT & APPROVED DOCUMENTS

Regulation 41 of the Building Regulations 2018 requires that the person in charge of the building work must ensure that there is a copy of the building permit and one complete current set of approved plans, specifications and other documents on site until all work has been completed and approved.

TEMPORARY FENCING

Perimeter temporary fencing must be installed to restrict unauthorised access to the building site, as required by Regulation 116 of the Building Regulations 2018.

LOCAL LAWS

Many councils have local laws requiring permits and payments such as crossing fees and asset protection fees. The owner/agent is responsible to comply with any applicable Council Local Laws which may affect the development. Contact your local council for more information.

BUILDER TO NOTIFY

Regulation 43 of the Building Regulations 2018 required that a resister building practitioner specified as the builder must notify the owner and the Building Surveyor with 14 days after a change of name or address of the building practitioner or the permit.
